Technical Data Sheet

QUAT CONTROL

Fragrant Disinfectant for Daily Mopping

Product Description:

Quat Control is a highly active and potent germ, virus and bacteria killer. It is water soluble and even effective in hard water. Quat control is effective as a broad spectrum disinfectant, fungicide, deodorizer, hard surface cleaner and non food contact sanitizer. Contains specially imported fragrance which creates a pleasant environment after mopping.

Key Benefits:

- Water Based – Enviro friendly
- Does not leave oily surface that prevents dust pickup and quickly dries off
- Extremely pleasant and soothing fragrance
- Contains "Squat" a WVT Belgium based
- Disinfectant – Tested in Micro Biology Lab at KU for effectiveness on high dilutions
- Can also be used as spray and wipe solution.
- Highly economical

Recommended Uses:

- Hospitals
- Pharmaceuticals
- Food & Beverage Industry
- Schools
- Hotels
- Laboratories
- Nursing Homes
- Residential & Official users
- Public Places

Dilution:

1 liter Quat Control can be diluted up to 40 liters solution in fresh water for regular use.

Packaging:

- 25 Liters standard size
- 6, 10, 25 and 200 Liters drum also available on request

Safety:
