

FLEET CLEANER

General Metal, Vehicle And Surface Cleaner

Product Description:

This is a chemical specifically formulated for use as an external vehicle wash design and a surface finishing compound which can be used manually or with an automated system. The formulation is effective for treating and removing general atmospheric grime, surface oil and grease deposits plus airborne pollutants.

Features:

- Can be used on most metallic surfaces.
- Decreases consumption of water overall during the cleaning process.
- Effective at eliminating atmospheric grime.
- Free from acids, phosphorous, silicon and aromatics.
- Helps to increase the life of metal surfaces.
- Water-based non-toxic.

Application:

As the chemical is highly concentrated it is important to test and check the cleaning results and regulate the equipment for proper dosage. Typical dilution when automatically dosed is 1% to 5% of the concentrate with water. Always ensure the equipment brushes are maintained in good condition and free from dirt for optimum performance of the chemical. A thorough wash with pressurized water after the application and cleaning with Fleet Cleaner is important. As a safety precaution always wear gloves when handling the product in its concentrated form.

Active Ingredient:

Aqua	: (CAS No.) 7732-18-5
2-(2-butoxyethoxy)	
Ethanol	: (CAS No.) 112-34-5
Potassium hydroxide	: (CAS No.) 1310-58-3
Amines, C12-16 alkyl-dimethyl, N-oxides	: (CAS No.) 68955-55-5
Linear Alcohol Tetrasodiummethylenediamine tetraacetate	: (CAS No.) 64-02-8

CAS Number

Physical Properties:

Physical State	: Liquid.
Colour	: Yellowish.
Odour	: Characteristic Odour.
pH	: 13.1 @ 20°C
Flashpoint	: N/A

Storage:

Products shall be ideally stored in a cool, dry location in unopened containers at a temperature between 8° to 28°C (46° to 82°F) unless otherwise labelled. Optimal storage is at the lower half of this temperature range. To prevent contamination of unused products, do not return any material to its original container.

*Note: Close the lid properly after use.

PATSA PAKISTAN (PVT.) LTD.

Steel House, West Wharf Road, Karachi,
74000, Pakistan.

Phone: +92-21-32313113, 32311601

Email: marketing@patsapakistan.com
