

GROUT CLEANER

1

Removes, Dirt, Grease & Stains

Product Description:

Grout Cleaner is a water-based alkali cleaner specifically for the deep cleaning of grouts on floors. It removes the build-ups of dirt, grease and other stains. Its quick and easy application can also remove cement residues from alkali-insensitive materials. This product is safe to use on both indoor and outdoor surfaces with a temperature between +5 and +40C. Suitable for use on Cotto, terracotta, marble, slate, granite, stone, travertine, porcelain stoneware, ceramics and all alkali resistant surfaces. Grout Cleaner is gentle on surfaces but effective against dirt, restoring its original appearance swiftly.

Key Features & Benefits:

- Alkaline and water-based surfaces disinfectant.
- Does not exude any toxic fumes as compared to other options.
- Fast acting and effective in eliminating grease and dirt from grouts.
- Grout Cleaner is biodegradable.

Application Guidelines:

Before proceeding, clean away any surface residues, such as dust, debris and coarse dirt, using a broom or a vacuum cleaner. Wait for the surface to be completely dry and protect adjacent surfaces not being treated. Do not leave the product to act for too long.

Packaging:

Available in 10 litres, 25 litres and 200 litres packaging.

Storage & Shelf life:

Products shall be ideally stored in a cool, dry location in unopened containers at a temperature between 8° to 28°C (46° to 82°F) unless otherwise labelled. Optimal storage is at the lower half of this temperature range. Do not return any material to its original container to prevent contamination of unused products.

Safety:

Avoid contact with skin and eyes. In case of contact with eyes, rinse immediately with plenty of water and seek medical advice. Wear protective gloves when mixing or using. In case of accident or if you feel unwell, seek medical advice immediately (show the label whenever possible). Refer to the appropriate MSDS before handling and use.

GROUT CLEANER

Technical Data:

Property	Typical Value
Physical State	Liquid.
Colour	Colourless.
Odour	Distinct Odour.
pH	12.8 @ 20°C
Flashpoint	N/A

Active Ingredient:	CAS Number
Aqua	(CAS No.) 7732-18-5
Disodium metasilicate Fatty alcohol, C12-14, ethoxylated	(CAS No.) 6834-92-0
	(CAS No.) 68439-46-3
